## Description

The dissolution of the Soviet Union took place with the failed coup against Gorbachev in August 1991 and was executed at a meeting by Russia’s president Yeltsin, Ukraine’s president Kravchuk and Belarus’ president Shushkevich in the Belavejsky Forest on December 8, 1991. On December 25, 1991, the Soviet Union ceased to exist and USSR President Gorbachev resigned. The Soviet Union had by this time ceased to function. By the end of the year, all Soviet institutions had been closed down. The conference will shed light on this process and the subsequent 30 years of development in a historical and political perspective. Speakers from Denmark and from six countries involved will participate
